Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to renew exemptions for 15 individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce.

DATES: The exemptions were applicable on November 27, 2022. The exemptions expire on November 27, 2024.

B. Privacy Act

In accordance with 49 U.S.C. 31315(b)(6), DOT solicits comments from the public on the exemption request. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov. As described in the system of records notice DOT/ALL 14 (Federal Docket Management System), which can be reviewed at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notice>, the comments are searchable by the name of the submitter.

II. Background

On November 29, 2022, FMCSA published a notice announcing its decision to renew exemptions for 15 individuals from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8) to operate a CMV in interstate commerce and requested comments from the public (87 FR 73392). The public comment period ended on December 29, 2022, and no comments were received.

FMCSA has evaluated the eligibility of these applicants and determined that renewing these exemptions would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved by complying with § 391.41(b)(8).

The physical qualification standard for drivers regarding epilepsy found in § 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria¹ to assist medical examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce.

III. Discussion of Comments

FMCSA received no comments in this proceeding. However, FMCSA is aware Mr. Keith Hubbard's state of licensure was incorrectly stated in the November 2022 notice. Mr. Hubbard's state of licensure has been corrected in this notice exempting him from the seizure standard in § 391.41(b)(8).

IV. Conclusion

Based on its evaluation of the 15 renewal exemption applications, FMCSA announces its decision to exempt the following drivers from the epilepsy and seizure disorders prohibition in § 391.41(b)(8).

As of November 27, 2022, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following 15 individuals have satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition in the FMCSRs for interstate CMV drivers (87 FR 73392):

Thomas Avery (NY)	Scott Baggarley (WA)	Kevin Beamon (NY)
-------------------	----------------------	-------------------

¹ These criteria may be found in APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section H. *Epilepsy*: § 391.41(b)(8), paragraphs 3, 4, and 5, which is available on the internet at <https://www.gpo.gov/fdsys/pkg/CFR-2015-title49-vol5/pdf/CFR-2015-title49-vol5-part391-appA.pdf>.

Joshua Cirilo (MN)	Paul Gomez (CA)	Jesse Hansen (MN)
Donald Horst (MD)	Keith Hubbard (WV)	Billy Hunter (KY)
Chad Knott (MD)	Louis Lerch (IA)	Rick Morrison (NC)
Thomas Ork (NY)	Curtis Palubicki (MN)	Devyn Roberts (KY)

The drivers were included in docket number FMCSA-2014-0212, FMCSA-2014-0215, FMCSA-2015-0323, FMCSA-2016-0007, FMCSA-2018-0052, FMCSA-2018-0053, FMCSA-2018-0054, FMCSA-2020-0050, or FMCSA-2020-0051. Their exemptions were applicable as of November 27, 2022 and will expire on November 27, 2024.

In accordance with 49 U.S.C. 31315(b), each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).
